

GRAN GELATO METAL

Модель: 0693/00

Код: 00C069300AR0

EAN: 8003705108905

Compact and elegant self-cooling ice-cream maker for fast, excellent homemade ice cream. Thanks to a compressor that takes the temperature down to - 35 degrees, it is possible to prepare lots of different flavours in sequence. With two baskets - one removable - graduated container and ice-cream scoop, this appliance is easy to use, thanks to its LCD display that shows the temperature and a countdown of the remaining time.
